Width:

0.876 inches

Thickness:

0.060 inches

Length:

0.946 inches

Attachment Method:

Hole

End Application:

Anarc-164

Basic Shape Style:

Rectangular w/tab at one end

Special Features:

Material per I-p-380 type 2, class3; finish front face and edges per mil-p-7756, class 1, lusterus black acrylic enamel; marking to be illuminated etched white futera, class a, type 1, color 37875 per fed-std-595; three mounting holes, 0.094 thru

Material:

Plastic methyl methacrylate

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
