Width:

14.310 inches

Thickness:

0.020 inches

Length:

2.750 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Inscription:

Caution remove table lock pins and release frame to rail brakes after guides enter rails on aircraft install pins and lock brakes before exiting single side

Special Features:

Next assembly number: 74d291010

Material:

Aluminum

Material Specification:

Qq-a-250/1 federal specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
