Width:
14.310 inches
Thickness:
0.020 inches
Length:
2.750 inches
Attachment Method:
Hole
Basic Shape Style:
Rectangular
Inscription:
Caution remove table lock pins and release frame to rail brakes after guides enter rails on aircraft install pins and lock brakes before exiting
single side
Special Features:
Next assembly number: 74d291010
Material:
Aluminum
Material Specification:
Qq-a-250/1 federal specification all material responses
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A528w0
