Width:

1.563 inches

Thickness:

0.032 inches

Length:

4.000 inches

Attachment Method:

Hole

End Application:

Integrated family of test equipment (ifte)

Basic Shape Style:

Rectangular

Marking Designation:

Design and legend single side

Inscription:

Warning hinge pins not removable when door is closed single side

Product Name:

Plate, warning

Special Features:

4 mounting holes 0.159 inch dia

Color:

Black single side surface

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
