**Width:**

1.563 inches

**Thickness:**

0.032 inches

**Length:**

4.000 inches

**Attachment Method:**

Hole

**End Application:**

Integrated family of test equipment (ifte)

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Design and legend single side

**Inscription:**

Warning hinge pins not removable when door is closed single side

**Product Name:**

Plate, warning

**Special Features:**

4 mounting holes 0.159 inch dia

**Color:**

Black single side surface

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/11 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
